Date: 26 – June – 2020

### **Certificate of Internship**

This is to certify that Mr. Adarsh Suresh, III year, BTech in Computer Science and Engineering, College of Engineering, Trivandrum has interned with Governance Innovation Labs from April 12, 2020 to June 12, 2020.

During the course of the internship, he was allocated several assignments.

The assignments included the following:

- i. Designed and developed a workflow for web application for the citizen's needs mapping model.
- ii. Built a fully functional web interface in React.js for displaying the model; enabling users to attempt the survey; policy makers to gather analysis and inferences from it and government departments to get alerted regarding the actions to be taken.

iii. Deployed the web interface in Netlify.

We are very pleased with his work. We found him to be hardworking, professional and pleasant to work with.

We wish Adarsh good luck for all his future endeavors.

For Governance Innovation Labs,

**Asha Jomis**

**Founder, Governance Innovation Labs**
